WELCOME !

THE BLESSING OF ABRAHAM IS YOURS!

Have a lifestyle that attracts the blessing of God. • To be successful you have to change your way of thinking. • You will get the tools you need to start, develop and maintain a business. • “Do business till I come”

THE BLESSING OF ABRAHAM ...IS YOURS!

God wants to bless you:

➔ financially ➔ mentally ➔ socially ➔ and spiritually
through your business!

🎓 *You have to focus on God's grace, trust him and give him the glory*

VISION STATEMENT: FOCUS BUSINESS SCHOOL INTENDS TO

- ④ Encourage you to have a lifestyle in the marketplace that will attract the blessing of God
- ④ Teach you a new mind-set which enables you to conquer a financial breakthrough
- ④ Give you tools and methods on how to start, develop and maintain a business

HAVE A LIFESTYLE THAT ATTRACTS THE BLESSING OF GOD

- ➔ The bible says:  Deut. 28:1-13
- ➔ Make the bible your roadmap for doing business.
-  All kinds of sinful, dishonest, selfish, corrupted or slack business practice will create poverty in the long run.

Our ambition is to inspire your way of living in a way that will please God and cause his favour to be attracted to your life and business.

The bible is our key **business** literature

YOU NEED A NEW MIND-SET

📖 ROM 12:2

- ➡ Change always starts with a new thought, a new idea
- ➡ What's on your mind will determine the outcome of your life.
- ➡ Your inner person will be like a magnet

🎓 *When you think failure, you will have failure.
When you think and believe for success,
you will see it come to you.*

TO BE SUCCESSFUL YOU HAVE TO CHANGE YOUR WAY OF THINKING

- ➔ Paul speaks about a transformation process like when a larva enters the cocoon and comes out as a butterfly.
- ➔ FOCUS BUSINESS SCHOOL wants to be that cocoon that transforms your mind for successful business

 *Go from rags to riches!
It's in your head!*

THINK AND ACT

When you start to think in a
new different way ...

...you will also start to act in a
new different way.

YOU WILL GET THE TOOLS YOU NEED TO START, DEVELOP AND MAINTAIN A BUSINESS

- ➔ How to plan for a start up
- ➔ How to make the most basic calculations of profitability and feasibility of a business
- ➔ How to apply techniques for selling and marketing
- ➔ The importance of market research

We want to establish BASICS in successful business performance.
